

# SERAF2023

Joint symposium of  
KSCP(Pelvic Floor Disorder Study Group) & SERAF

## Program Saturday, 20, May 2023

### Session I. Basics of anal fistula

Moderators: Alessandro Sturiale, Tae Soon Lee

- 08:00 **Anal fistula-related surgical anatomy, pathophysiology and classification**  
Roshan Ara Ghoorun
- 08:20 **How to drain perianal abscess**  
Jin Hidaka
- 08:40 **Clinical and instrumental assessment of anal fistula (Italy)**  
Carlo Ratto
- 09:00 **Tips and tricks for finding the primary opening of anal fistula**  
Vincent De Parades
- 09:20 **Tea break**

### Session II. Video Session: Anal fistula surgery in my clinic

Moderators: Vincent De Parades, Carlo Ratto, Francis Seow Choen

- 09:30 Sun chil Lee
- 09:42 Young Hwa Kim
- 09:54 Hyun Un Cho
- 10:08 Yun Gwon Ha
- 10:20 Tae Soon Lee
- 10:32 Jin Hidaka

### Live workshop

Moderators  
Operation Room: G Naldini, SH Hwang  
Conference Room: Y Maeda, L Lundby, V D Parades, T Yamana, C Ratto

- 11:00 **Hemorrhoids (TST)**  
Surgeon: DongLin Ren (China)
- 11:30 **Anal fistula (VAAFT)**  
Surgeon: Valentina Giaccaglia (UAE)

### Luncheon lecture

Moderator: Sung Hwan Hwang

- 12:00 **Management of complex anal fistulas**  
Lilli Lundby

### Session III. International experts' experiences

Moderators: Alessandro Sturiale, Young Hwa Kim

- 13:10 **Fistulotomy and how to repair after fistulectomy**  
Francis Seow Choen
- 13:30 **Complex anal fistula (China)**  
DongLin Ren
- 13:50 **European Guidelines and emerging techniques (U.K.)**  
Yasuko Maeda
- 14:10 **Japanese Guidelines and sphincter-preserving surgery (Japan)**  
Tetsuo Yamana

### Session IV. Special Topic I.

Moderators: Carlo Ratto, Hyoung Rae Kim

- 14:40 **VAAFT for complex anal fistula**  
Valentina Giaccaglia
- 15:00 **Laser procedure for anal fistula. "Business or reality" (France)**  
Vincent De Parades
- 15:20 **Complex anal fistula: When everything failed**  
Gabriele Naldini
- 15:40 **How we repair Rectovaginal fistula in Sun Yat-sen University Hospital**  
DongLin Ren
- 16:00 **Tea break**

### Session V. Special Topic II.

Moderators: Vincent De Parades, Yasuko Maeda

- 16:10 **Crohn's fistula treatment in Takano Hospital**  
Shota Takano
- 16:30 **Crohn's fistula treatment in Hangun Hospital**  
Hyoung Rae Kim
- 16:50 **Micro-fragmented autologous adipose tissue injection in complex fistula**  
Alessandro Sturiale
- 17:10 **Cell-assisted lipo-transfer in treating uncontrollable sepsis associated with perianal fistula**  
In seob Jeong
- 17:30 **Allogenic mesenchymal stem cell injection in treating Crohn's anal fistula**  
Nadia Fathallah
- 17:50 **End**

# Program Sunday, 21, May 2023

## Session I. Approach to Fecal Incontinence

Moderators: Vincent De Parades, Kyung Ha Lee

- 08:00 **Practical assessment of fecal incontinence**  
Byung Soo Park
- 08:20 **Preoperative Functional & Radiologic work-up**  
Han Deok Kwak
- 08:40 **Normal bowel movement and pelvic floor anatomy**  
Hyeon Min Cho
- 09:00 **Conservative management, minimally invasive treatment of Fecal Incontinence**  
Shota Takano
- 09:20 **Tea break**

## Session II. Surgical options for fecal incontinence

Moderators: DongLin Ren, Han Deok Kwak

- 09:30 **Sphincter repair (Sphincter repair/Sphincteroplasty)**  
Tetsuo Yamana
- 09:50 **Sphincter replacement - Is it still available?**  
Francis Seow Choen
- 10:10 **Injectables: Gatekeeper  
- self-expandable inert Hyexpan**  
Carlo Ratto
- 10:30 **Colostomy and MACE in case of treatment failure  
: When and How**  
In Seob Jeong

## Session III. Stimulation - Sacral Neuromodulation

Moderators: Hyeon Min Cho, Yasuko Maeda

- 11:00 **How does it works**  
Kyung Ha Lee
- 11:20 **Lead placement, IPG insertion and program setting**  
Hyeon Seok Jeong
- 11:40 **Long-term outcome and complication of SNM**  
Lilli Lundby

## Luncheon lecture

Moderator: Gabriele Naldini

- 12:00 **Overview of treatment of fecal incontinence**  
Yasuko Maeda

## Session IV. Specific disease entities associated with fecal incontinence

Moderators: Tetsuo Yamana, Byung Soo Park

- 13:10 **Rectal prolapse - Laparoscopic ventral rectopexy**  
Doo seok Lee
- 13:30 **LARS (Low Anterior Resection Syndrome)**  
Carlo Ratto
- 13:50 **Dual incontinence with Descending Perineum Syndrome: Perineal repair or Laparoscopic repair?**  
Sung Hwan Hwang
- 14:10 **Double incontinence due to Complex Pelvic Organ Prolapse: Advantages of robotic approach**  
Gabriele Naldini
- 14:30 **Tea break**

## Session V. Cell therapy in treating fecal incontinence:

Moderators: Gabriele Naldini, Sung Bum Kang

- 14:45 **Micro-fragmented autologous adipose tissue injection**  
Alessandro Sturiale
- 15:05 **Autologous fat grafts for soiling and flatus incontinence**  
Lilli Lundby
- 15:25 **Cell therapy combined with SNM in treating radiation proctitis**  
Sung Hwan Hwang

## Session VI. Wrap up

Moderators: Lilli Lundby, Sung Hwan Hwang

- 16:00 **Japanese surgical treatment guidelines for fecal incontinence**  
Tetsuo Yamana
- 16:20 **Italian Guidelines for fecal Incontinence**  
Carlo Ratto
- 16:40 **A critical analysis of fecal incontinence guidelines: Are they really applicable in everyday clinical practice?**  
Gabriele Naldini
- 17:00 **Updates to European guidelines for fecal incontinence**  
Yasuko Maeda
- 17:20 **End**
